
Dr Bandhana Bhanot

BSc (Hons), D.C.Psych

Chartered Clinical Psychologist

Profile:

Dr Bhanot has worked in the field of mental health since 1995. In 1999 she qualified as a clinical psychologist and, since, Dr Bhanot has specialised in the area of forensics having worked in secure settings for nearly twenty years. During this time she has developed expertise in the full range of criminal issues, to include mental health, substance misuse, learning disability and risk of offending (Dr Bhanot is trained in the use of the main risk assessments, to include, the HCR-20, RSVP and SRP). Dr Bhanot works with the full range of adult mental health issues and substance misuse. She is therefore able to provide opinion on a variety of issues pertinent to offending behaviour and risk. In addition to her clinical commitments, Dr Bhanot regularly completes expert witness assessments.

Areas of Expertise:

- Mental health assessments of men, women and young adults
- Risk assessment and intervention for violent offending and sexual violence
- Assessment of substance misuse
- Assessment of personality disorder
- Cognitive/capacity assessments
- Suggestibility
- Impact of mental health/learning disability on offending behaviour
- Assessment of risk to children
